## Marketplace Application Checklist if you:

- Want to apply for Marketplace coverage
- Are eligible for job-based health insurance but haven't enrolled in it

If you are eligible for job-based health insurance but haven't enrolled in it, you may be able to get Marketplace coverage. But whether you can get lower costs on your monthly premiums or out-of-pocket costs depends in part on the kind of coverage the employer offers.

When you apply in the Marketplace you'll need information about any employer coverage you're eligible for, even if you haven't enrolled in it. You'll also need some additional information to fill out the application. Use the checklist below to help you get ready.

- ☐ Employer and income information for everyone in your household (for example, from pay stubs or W-2 forms—Wage and Tax Statements)
- ☐ A completed **Employer Coverage Tool** (see page 2 of this checklist) for each job-based plan you're eligible for (including any coverage through a spouse's or parent's employer)

You can apply for 2014 coverage as soon as October 1, 2013.

Stay up-to-date about the Marketplace. Visit <u>HealthCare.gov/subscribe</u> to get email or text updates that will help you get ready to apply.

## **Employer Coverage Tool**

Use this tool to gather answers about any employer health coverage that you're eligible for (even if it's from another person's job, like a parent or spouse). You'll need this information even if you don't accept the employer insurance you're eligible for. **Write your name and Social Security number in boxes 1** and 2 and ask the employer to fill out the rest of the form. Complete one tool for each employer that offers health coverage that you're eligible for.
